

NeXtime main sponsor of The Emma Children's Hospital Soccer Tournament

The Academic Medical Center (AMC) in Amsterdam is the most prominent medical center in The Netherlands and one of the largest hospitals in the country. Emma Children's Hospital is part of the AMC and focuses on children with a remarkable or rare disease or condition.

NeXtime's sponsoring is a small contribution to help further build the facilities needed to make the stay for the children and their parents in the Emma Children's Hospital as pleasant as possible and help to further scientific research.

The soccer tournament took place for the 41th (!) time. All the teams were very competitive and played to win, which made it a fun even for both the players as well as the crowds that had come to watch the teams and contribute to the charity.

Next to their sporting performance all the players had played an important role in raising money for Emma Children's Hospital by selling tickets for the charity raffle at the end. Some of the lucky winners of the raffle went home with a genuine NeXtime clock! "It was a lot of fun to be part of this great charity event and at the same time support such a worthy cause as Emma Children's Hospital" said Robin Punt, Export Manager of NeXtime; who also was referee during the tournament. "It is not only about celebrating our company's 40th anniversary but also showing NeXtime's community involvement" Robin added and he revealed that there are more activities planned but that they will be announced in due time.
