

## NeXtime shows nXt collection at HK Gifts & Premium Fair in new booth

The HK Gifts and Premium Fair provides NeXtime with an excellent stage to show the 2010 collection to the Asian market, and to buyers from all over the world. The design-led clocks of NeXtime are sold successfully in more than 60 countries around the world and the collection for 2010 will add to the success of NeXtime in those markets. "We developed a new NeXtime booth for the HK Gifts and Premium Fair as 2010 marks our company's 40th anniversary." said Angela Lee, Managing Director of NeXtime Hong Kong. "The striking design of the new NeXtime booth was the 'talk of the fair' and we received many compliments for it" continued Angela with a smile.

In the new booth was also a separate section for the nXt line of NeXtime. "This separate line of clocks is specifically designed for our mass merchant customers" said Michelle Tsui, Sales and Marketing Manager NeXtime Hong Kong. "At this HK Gifts and Premium Fair we had the opportunity to show our nXt line more and as a result we received much more queries for this line; not only mass merchants. The years of expertise and experience in clocks is reflected in the quality and design of our nXt line too" added Michelle, so our customers can buy both NeXtime branded as OEM from the same trustworthy business partner: NeXtime.
